MAINTENANCE & CARE

- Clean with mild & warm soapy water using a microfibre cloth after every use.
- Perform maintenance clean every three months by adding bi-carb soda or SpaGiene to a bath filled with water and running the spa for 30 minutes.
- Do not use harsh and abrasive detergents, liquids, or pastes.
- Do not use excessive pressure while cleaning.
- Do not use any essential oils, bath oils or oily products.
- Do not run your spa pump without water.
